NOTES

- Admission applications not accompanied by a secondary school certificate or equivalent qualification will not be considered.
- Filling out the application and paying the application fee, does not necessarily ensure acceptance to the major or the University.
- For Jordanians: The minimum for secondary school average is 75% and that does not guarantee you acceptance into the university, but it will enter you into the competition.
- I bear responsibility for the accuracy of the information herein and understand that, in case of any error, the application will be rejected.
- If the accepted student registers in any program at the University and subsequently withdraws, then the university fees shall be refunded at a rate of (50%) of the amount paid if the withdrawal is made before the first day of the semester.
- Admission is based on competition and the highest averages.
