Live lectures to the Institute of International Education (IIE) in Washington. Weekly lectures from PSUT to

Staff and Post Graduate Students of Different Universities in Iraq.

The end of Iraq's 2018 spring academic semester marks the completion of three university courses that were co-developed and co-taught by IIE-SRF Iraqi scholars in Jordan and Turkey. This pilot initiative, the IIE-SRF Joint University Courses Project, aims to fill expertise gaps at participating Iraqi universities and expose them to professors from international academic environments. It supports semester-long university courses that are jointly delivered by IIE-SRF Iraqi scholars outside Iraq and professors inside Iraq, with a focus on newly established and remote universities. The project was implemented in partnership with the Iraqi Ministry of Higher Education & Scientific Research (MoHESR)'s IIE Coordination Committee.

[Host a Scholar](#)[Donate to IIE-SRF](#)[Apply or Refer](#)

The pilot courses began in February 2018. Dr. Abdul Ghani Albaali, a scholar of chemical engineering who, in 2009 to 2011, undertook IIE-SRF fellowships at Princess Sumaya University of Technology in Amman, Jordan, delivered undergraduate- and graduate-level courses on statistical analysis to Al-Karkh University of Science and University of Misan, respectively.

Dear Prof. Ghani Albaali,
Princess Sumaya University for Technology, Jordan

Greetings from The 7th International Conference on Virtual Reality Technology (ICVRT 2024) will be held in Ningbo, China during November 22-24, 2024! [ICVRT 2024](#) is a workshop of [VSIP 2024](#).

This is Adela Zhong, the conference secretary. I greatly appreciate your tremendous support for the conference.

On behalf of the organizing committee, it is my honor to invite you to be one of invited speakers and technical committee members at the ICVRT 2024. As a member of the technical committee, you need to review 2-3 manuscripts. You can visit <https://icvrt.org/prog.html> for program overview. Attached is the official invitation letter.

If you accept the technical committee invitation, ICVRT will offer benefits below:

1. Have a discount of 100 USD when you publish one paper after passing double blind review (authored or co-authored by you)
2. Certificate

Look forward to hearing from you before **March 8, 2024!**

The Committee of MATMA 2025

Conference chair of 2025 4th International Conference on Mechanical, Aerospace Technology and Materials Application.

2025 4th International Conference on Mechanical, Aerospace Technology and Materials Application will be held in Birmingham, UK on August 12-14, 2025. MATMA 2025 will bring together innovative scholars and industry experts in the fields of Mechanical, Aerospace Technology and Materials Application to a common forum. The main goal of the conference is to promote research and development activities in the fields of Machinery, aerospace technology and material application. Another goal is to promote the exchange of scientific information among researchers, developers, engineers, students and practitioners around the world. Therefore, it promotes the development and application of theory and technology in this field in universities and enterprises, and also establishes business or research contacts for participants and seeks global partners in future careers.

Dear Prof. Abdul Ghani Albaali,

Warmest Greetings,

As CCEAI 2025 is around the corner, we'd like to invite you to join the conference committee of CCEAI 2026 which is scheduled from Jan. 4 to 7, 2026 in Buenos Aires, Argentina. We are seeking your support in finding co-organizers and sponsors from Argentina.

We are looking for enthusiastic professors or organizations who would like to co-organize this event with us, contributing their expertise and insights to create a successful experience for all participants.

If you have any connections or recommendations for potential co-organizers and sponsors in Argentina, please share them. Your contributions are invaluable as we strive to unite diverse participants and create an engaging agenda.

You are also welcome to share your ideas about the conference plan for CCEAI 2027. If you are interested, please download and complete the form and send it to Ling Li at lingli@apise.org before Jan. 30, 2025. Please click the link to find the form: [call for proposal of CCEAI 2027.docx](#).

Thank you for your dedication and support. Together, we can make this conference a remarkable event!

Best Regards,

CCEAI Conference Organizing Team

I hope this message finds you well and in good spirits.

It is our great pleasure to invite you to be a Keynote Speaker at the 7th Edition of the Catalysis, Chemical Engineering, and Technology Virtual Conference (V-Chemical2025), which will take place on March 21-22, 2025, from 7:00 to 12:00 GMT.

This conference will be a fantastic platform for you to present your work and share your expertise with a diverse, global audience. Your insights into catalysis and chemical engineering will certainly enrich the discussions and inspire participants.

For more information about the event, please visit our official website: <https://www.sciwideonline.com/v-chemical2025/>

Looking forward to your positive response.

With Great Regards,

Dear Dr. Abdul Ghani Albaali,

We are honored to invite you to join us as a distinguished speaker at the Annual Global Summit on Nanotechnology and Materials Science, which will be held from 15-17 September 2025 in Bern, Switzerland.

This premier event will gather leading scientists, industry experts, and innovators to explore the latest advancements and future directions in nanotechnology and materials science. Your expertise would significantly enrich the discussions, inspiring new ideas and fostering meaningful collaborations.

We believe your participation will be instrumental in advancing the summit's goals of driving innovation and shaping the future of nanotechnology.

For more details visit: <https://vividglobalsummits.com/2025/Nano-Materials>

Kindly confirm your acceptance by sharing a short biography, a recent photo, and a tentative title of your presentation. Your contribution will play a key role in the success of AGSNANOMAT2025.

We look forward to your positive response and a productive collaboration.

Warm regards,
Liyana A

Dear Prof. Ghani Albaali,

Wish you all well.

2024 4th International Conference on Electronics, Circuits and Information Engineering (ECIE 2024) will be held from 1st to 3rd, March 2024 in Kunming, China. ECIE 2024 is an international forum for scientists, engineers, and practitioners to present their latest research and development results in all areas of Electronics, Circuits, and Information Engineering. Conference topics mainly include but are not limited to Software engineering, Power and energy circuits, Optoelectronics, Single-chip microcomputer technology, etc. **For your excellent experience and work in this field, we sincerely invite you to be keynote speaker of ECIE 2023.**

As keynote speaker, you can enjoy the following service.

Requirement: professor related to conference field

- (1) Be awarded a certificate of keynote speaker.
- (2) We will provide free accommodation and meals during the conference (March 1&2, 2023) for two nights.
- (3) Get a discount for paper submission and publication service.

Keynote speech last for 40-45 mins, speech language is mainly in English. If you are interested in joining us, please kindly send your **CV** firstly **(include a brief biography and personal photo)**. Once accepted we will inform your detail information, and reply within three days.

On behalf of the Nobel Science and organizing committee, it is my pleasure to invite you to participate as an Invited Speaker at the International congress on Electronics and Electrical Engineering (ICEEE2025) congress. Which is going to be held in Bangkok, Thailand during **March 15-17, 2025**, in a hybrid format i.e. In Person and Online (Virtual).

Conference Page: <https://www.nspublisher.com/iceee2025-congress/>

The purpose of ICEEE2025 is to provide a forum to share the most important and latest developments in the field of Electronics and Electrical Engineering, to exchange research ideas and future trends, and to explore potential collaboration opportunities in all regions of the world.

Kindly let me know your interest to join the congress as an Invited Speaker.

Looking forward to your response!

Dear Dr. Ghani Albaali,

We are presenting a great honour to welcome you.

Happy to send this invitation on behalf of Sciwide, to invite you as a keynote speaker for our upcoming Webinar of "6th Edition of Renewable and Sustainable Energy Virtual" which will be Assembled during 03-04 November, 2023 From 07:00 to 12:00 GMT.

The concept of the event is to enable the usage of natural resources to produce energy. This event gathers all the business professionals.

If you have any queries, please visit: <https://www.sciwideonline.com/v-ren2023/>

Kindly give us confirmation of your participation to make V-REN2023 a great successful outcome.

Looking ahead for your Acceptance,

CONFERENCE SPEAKERS

Invited Speaker I:

Assoc. Prof. Abdul Ghani Albaali,
Princess Sumaya University for Technology, Jordan

Dr. Ghani Albaali was born in Baghdad, Iraq, and holds New Zealand citizenship. In 2001, he earned a PhD in Chemical Engineering from the University of Auckland, NZ, where he was awarded the Best Doctoral Thesis in the Faculty of Engineering for the year 2001. He is currently working as an Associate Professor at Princess Sumaya University for Technology in Amman, Jordan. Dr. Albaali's areas of expertise include Heat & Mass Transfer, Computational Fluid Dynamics (CFD), Numerical Analysis, Computer Simulations, Mathematical Modeling, Environment Engineering and Technology, Renewable Energy, Solar Energy, Energy Conversion, Fluid Mechanics, Physics, Advanced Mathematics, Thermal Sterilization of Food, High Pressure Processing, Food Processing Engineering, Research Methodology, Data Analysis, and Statistics. Dr. Albaali is the author of more than 180 published papers, books and book chapters in these areas. Dr. Albaali has developed several original computer models in the areas of Heat & Mass Transfer, High Pressure Processing of Food, and Food Processing Engineering. These works have been published in a number of international journals and presented at several international conferences (USA, Australia, France, Japan, Mexico, Turkey, Italy, Canada, Jordan, Iraq, and New Zealand). He is currently a reviewer of several international books and journals, and has attended numerous training courses in the US, Italy, Germany, Australia, New Zealand, Iraq and Jordan. Dr. Albaali is a prominent figure on the international scene in the field of using Computational Fluid Dynamics (CFD) in Food Engineering Applications. He was awarded a Post Doctoral Fellowship (Sept. 2002 - Aug. 2005) from the New Zealand Foundation of Research Science and Technology. Dr. Albaali is listed in the "Who's Who in Science and Engineering", 7th Edition, 2003-2004 and 23rd Edition in 2005 & 2006, as well as "The Chronicle of Higher Achievements", NJ, USA. He has been named Outstanding Scientist by IBC, Cambridge, England, and is among the Great Minds of the 21st Century for his accomplishments, ideas and contribution to the field of Science, (ABI, North Carolina 27622 USA). http://www.amazon.com/A.G.-Abdul-Ghani-Al-Baali/e/B004Z6SZX4?ref_=pe_1724030_132998060
